EXPERIENCE

Product designer

Apr 2024 – Apr 2026

CommendaHQ

Bangalore, India

- Fixed the entire service delivery experience for the agents working for delivering the services to the clients and reduced the manual coordination time by 40%.
- Fixed the broken form creation and filling experience and helped scale the form creation and ship time by 46%. Also brought down the avg time-to-completion from 5 days to 2.5 days.
- Designed an end-to-end incorporation workflow across 6 markets, reducing user drop-offs by 86% and cutting onboarding time by 37%.
- Led the creation and maintenance of the Pathfinder design system and making it LLM ready which helped improve the shipping speed by 3.5x and made it more accessible.
- Identified and resolved critical UX blockers through heuristic evaluation of the services marketplace, improving conversion rates by 70%.

UI/UX designer

Jan 2023 - Apr 2024

Jumbochain

Noida, India

- Revamped the website in 4 weeks. Curated content and graphics and changed the layout of their under-performing website to a high-yield website, improving the conversion rate from 0.2% to 1.5%.
- Designed an internal dashboard for analytics and metrics for enterprise users.

PROJECTS

Componentizing Forms [view](#)

Dec 2025 - Feb 2026

- Goal was to Fixed the broken form creation and filling experience and scale the form creation to reduce the shipping and submission time.
- Identified and resolved critical UX blockers through heuristic evaluation of form components and creating modular components that could scale, improving the avg time-to-completion from 5 days to 2.5 days.

Pathfinder design system [view](#)

Apr 2025 - Feb 2026

- Defined a color system, typography, reusable component library, and shared design token language between design and engineering
- Pathfinder design system cut design time by 73% and enabled a 3.75x faster product revamp in 2025.
- Led the initiative of making the design LLM ready in Feb 2026 by feeding it into Claude code and making it accessible to everyone, reducing the shipping time further by 30-60 mins per session.

TECHNICAL SKILLS
